

I am an Independent who is so tired of observing these extreme right-wing broadcasters, who use the airwaves free of charge, making their political biases so obvious as to cause me to vote the straight Democratic ticket - and I have never voted for a Democrat for president in my 74 years on this Earth. Why cannot you use your influence to stop these un-democratic stations from acting like the perfect fools they must be. I'll never forget these acts and will, whenever I find which stations they own, boycott them forevermore. Though Pappas will not give a hoot for one old duffer's thoughts, this is one who will never forgive their misguided actions. Jack Steed, Sacramento.
